MEMORANDUM FOR THE RECORD

SUBJECT: Rectifier Development Planning Conference held on 5 March 1962

1. The following individuals were present:

2. [redacted] will jointly prepare a list of rectifier development criteria showing maximum and minimum acceptable limits for each parameter to serve as a guide in future discussions.

3. [redacted] will determine the availability of [redacted] for discussions on Air Force criteria during the week of 12 March.

4. [redacted] will call [redacted] ACIC, to determine [redacted] plans for the week of 12 March.

5. [redacted] will attempt to discuss rectifier criteria with [redacted] representatives during the week of 12 March. If this fails, then these individuals will visit [redacted] on 19 March 1962.

6. If it becomes apparent that a modification of the existing [redacted] indexing rectifier is the most expeditious means of obtaining rectifier capacity, then [redacted] will be invited to submit a proposal and NPIC will take steps to modify its instrument at AMS. [redacted] will make the evaluation with [redacted] representatives.

7. New rectifier development will be undertaken jointly by GIMRADA, AMS, and Army with NPIC providing emergency financial backing. NPIC/TP&DS will be kept fully informed on progress at all times.
